President Vasquez of Santo Domingo Sails for Port Held by Revolutionists.

STUBBORN FIGHT IN PROSPECT.

Government General Dead From Wound Received in Battle-Twenty Soldiers Have Fallen in Skirmishes.

Monte Cristo, Republic of Santo Domingo, March E.-The advices received here from San Domingo show that General Alejandro Wos y Gil and his revolutionary followers are masters of San Domingo City, and it is said that General Miguel Pichardo, the Minister of War, and General Juan Francisco Sanchez, the Minister of Foreign Affairs, who had sought refuge in the United Sstates Consulate, surrendered themselves last night to the revolutionists, with

a small group of followers.

a small group of followers.

The revolutionists are in possession of two of the three Dominican war vessels, namely, the cruiser Independencia and the gunboat Colon.

General Horacio Vasquez, the President of Santo Domingo, left Perto Plata yesterday for Sanchez on board the Dominican cruiser Presidente, the only war vessel remaining in the hands of the Government. It is believed that President Vasquez intends to make an attack on Santo Domingo, in conjunction with Luis Maria Hermandez, the Governor of San Pedro de Macoris, who has left that city, in order to gather recruits for the Government forces.

If the capital is attacked a stubborn resistance is expected on the part of the revolutionists.

General Echehique, Fresident Vasquez's Chief of Staff, who was wounded in the foot on Monday in the course of the fighting at San Domingo, subsequently died of his wound.

General Lico Castillo, the officer who com-

vound.

General Lico Castillo, the officer who com-manded the Government troops at San Do-minger, and who was reported to have been killed, is alive, but is suffering from a

wound.

Several skirmishes have taken place in this city, and the Government forces have lost considerable quantities of ammunition, arms and provisions. In addition, about twenty soldiers have been killed, and a number have been wounded.

against the company in Judge McDonald's division of the Circuit Court yesterday.

Judge McDonald refused to instruct the jury to award judgment for the diamonds. Mrs. Breeding went from St. Louis to South Haven. Mich., last August and claimed that the articles sued for were lost or stolen. They were in a trunk which was checked to Chicago.

The articles included a diamond cross pin. valued at \$500; a diamond star pin, valued at \$50; a black broadcloth skirt, worth \$40; a bine lawn dress, \$15; a shirt waist, tan linen suit, \$12; a pink silk waist, \$8; four yards of handmade Irish lace, \$5; two pairs of shoes, \$12; two co.ored underskirts, \$3; handkerchiefs, \$2; and the trunk valued at \$50; a solitation of the start of the st

Evidence was offered that the trunk was broken at the depot by a train striking it, and that the contents were put into a new trunk. The diamonds, it was claimed were not found in the trunk. Some of the ar-ticles belonged to Mrs. Breeding's daugh-ter, who accompanied her.

NEGRO DISCLOSES ALLEGED PLOT TO KILL PRESIDENT.

This Has Been Abandoned, He Asserts but Three Cabinet Members Are to Be Kidnaped and Held for Ransom.

Winona, Minn., March 25.-An aged negro orator J. C. Fremont of Watertown S. D. who, at the close of the Civil War, was president of the society that sent many ne-groes back to Africa, lectured here last night on the "Race Problem," and while here called on Congressman Tawney and

asked for a private interview.

He stated that he had a communication which he desired the Congressman to convey to the President, to the effect that he had come into possession of information that a plan had been made to attempt the life of President Roosevelt on his Western trip, but that this had now been abandoned, and instead the plotters were planning, at some favorable point in Montana or Colorado, to capture Secretary of the Treasury Shaw, Secretary of War Root and Attorney General Knox, and carry them to the mountains, to be held for suitable ransom. Fremont refused to divulge the source of his information, but insisted that it was correct. Congressman Tawney places little credence in the tale, but has, nevertheless, written to Secretary Shaw, telling him the negro's story.

HAND ABOVE THE WAVES CAUSED PILOT TO STOP.

Engineer of Steamer Export Fell Overboard and Was Lost Near Hermann, Mo.

REPUBLIC SPECIAL.
Hermann. Mo., March 25—A hand thrust suddenly above the waves and grasping violently at floating drift caused the pilot of the steamer Export, Arthur Thompson, to signal the engine-room to stop the boat.
After boat hands had kept a lookout for several minutes without seeing the hand again, a search of the boat was made and the engineer, Gustave Luether, found to be missing.

missing.

The oil can was gone, and it is supposed that the engineer had stepped out to oil the eccentric and fallen overboard.

Boats were lowered and a close search made, but no trace of the body was found.

Luether was single and about 42 years old.
He made his home with a sister in Hermann, The boat was departing for Bluffton.

PLANS FOR ST. ANGE STATUE. Suburban Road Donates Triangle

at Grand and Franklin. In the course of his lecture last night on

the church.

Doctor Ford compared the interst of men with that of women in religious matters and said that the church to-day has no weakness greater than the difficulty of getting men spiritually interested in their fellow men. Doctor Ford laid the blame for such conditions at the door of the church asserting that the emphasis of the church in the present day either consclously or unconsciously has been put upon woman's work.

"It is not difficult," said Doctor Ford, "to see that to the public mind the church is of interest mainly to women and children and has no special import to men. An examination of any group of churches will show that the average membership is about \$8\$ per cent men to \$2\$ per cent women. I believe that one of the chief reasons for this unusual state, as has been stated by some eminent writers, is the superior adaptation of modern church life to the feminine nature."

Among the visiting clergymen who heard Doctor Ford's address were the Reverend W. H. Gannaway, pastor of the First M. E. Church at Kane, Ill., and the Reverend W. R. Bradley, pastor of the First M. E. Church at Medora, Ill.

Governor Tames Inspectors. In the course of his lecture last night on the proposed park systems of St. Louis and Washington, D. C., J. Lawrence Mauran, president of St. Louis Chapter, American Institution of Architects, defined the plans accepted by the Civic Improvement League for the beautification of the small triangle at the corner of Grand and Franklin avenues, which was recently given to the league by the Suburban Railway Company. It is proposed to erect a statue of St. Ange on this site. The figure will be heroic in size and the base will be constructed in such a manner that it will not only be artistic, but will also embody drinking fountains and room for public comfort.

Fixing Grand avenue the base of the statue will be in the form of an arc. In the center will be a fountain of drinking water and at either end will be entrances leading to the public comfort rooms.

These latter will be located below the surface of the street, and will be approached by curving stairways. They will be elaborately fitted with the latest improvements, and it is suggested that attendants be provided to keep them neat and clean.

At the apex of the triangle there will be proached by curving stairways. They will be elaborately fitted with the latest improvements, and it is suggested that attendants be provided to keep them neat and clean.

At the apex of the triangle there will be a water trough for horses. The basin will be round and an effort has been made to disguise its real object by an artistic treatment of its surroundings.

BURDICK INQUEST MAY BE CLOSED BY NOON TO-DAY.

District Attorney Uncertain Whether Case Will Be Laid Before the Grand Jury at Buffalo.

Buffalo March # - District Attorney Contsworth said to-day that he expected to wind up the inquest into the Burdick murder by noon to-morrow. The hearing will be resumed to-morrow morning.

"Have you discovered any new evidence?

"We have brought out at this inquest everything that we have." he replied. "The public knows now as much about the case as the authorities do. Nothing of importance

has been developed lately that we did not know before the inquest began."

Mr. Coatsworth said he knew nothing concerning a plot alleged to have been concocted by Penneil to entrap Burdick by using a woman as a lure, and thereby prevent Burdick from pressing the divorce suit against his wife.

Asked if the case would go before the Grand Jury, Mr. Coatsworth said:

"It depends upon Judge Murphy's action. If he issues a warrant for any known person, or for John Doe and June Roe, it will have to go before the Grand Jury."
